For all cars:

Competitors are responsible to show at any time during the events the technical regulations according which their car was built.

5.2 Events counting towards the Championship

Venues and dates according the FIA-CEZ Championship Calendar (see www.cez-motorsport.com). Should the number of qualifying events organised finally be less than three, the trophy would be considered as not having taken place.

Every driver with a valid licence from the CEZ Zone countries that starts in the FIA CEZ Trophy race will automatically be classified in the respective group or class where his car is assigned as per CEZ rules in the results of the specific race.

5.3 Organisation of the events

Due to the FIA CEZ can start only at the circuit with FIA homologation.

Organiser with Stewards will make a decision about a group of the cars how they will start together.

The organizer is strictly recommended to organize the event for the CEZ-Championship in two days.

On Friday there can be the free practice and from 12 a.m. the administrative checks and scrutineering. The entry fee is to the organizer's discretion, but for Junior drivers (drivers that are aged 21 years or younger in the current season) is fixed to 50 % of the entry fee of each event.

There will be rolling starts for Division 4 and 5.

If the Division 4 and Division 5 are racing together, their start grid has to be separated. Stewards decide which grid will be placed in front.

5.3 a Organisation of the sprint race

The number of cars allowed to take part in practice and to start the race is as provided for in supplement N. 2 of Appendix O to the Code.

A practice session of 25 minutes must be organised for every sprint race.

The duration of the race shall be 25 minute minimum.

No race should be started later than 3:30 p.m. on Sunday to be respected for the CEZ-Championship.

If technical means are used by the marshals to remove the car to a safe position, this assistance cannot be used to help the driver/car concerned to re-join the race.

5.3 b Organisation of the endurance race

The number of cars eligible for practice shall depend on the licence of the circuit on which the event is taking place. A practice session of 30 minutes must be organised.

An Endurance race shall be run 1 hour duration. The races should be run on Saturday evening latest to be respected for the CEZ-Championship.

It will be compulsory, in each race, to carry out an obligatory pit stop and change of driver in 2 driver's crew.

Obligatory pit stops must begin between the 25th and the 35th minute (not before 25 min 00 seconds 000 and not after 34 minutes 59 seconds .999) of the race. This period will be indicated by showing a board PIT STOP. The minimum duration of the pit-stop must be 120 sec. If this pit-stop is shorter, the missing time will be tripled and automatically added to the racing time.

A pit stop shall be deemed to have begun upon crossing the line which marks the beginning of pit lane time-keeping.

Exceptionally slow driving or stopping in the fast lane shall be prohibited.

In case of 2 drivers crew driver change must be done only during this obligatory pit stop.

The mandatory Pit Stop shall be carried out in the inner lane.

The obligatory pit stop cannot be carried out when the safety car is deployed or when the race is suspended.

In this case it will be decision of the Clerk of the Course to extend "window" for the obligatory pit stop. This extension will last 5 minutes or 10 minutes. This extension will be communicated via the timing screens or by means of a display board.

During the Pit Stop:

1. The engine must be switched off, in case of any technical intervention, except cleaning the windscreen and cooling openings.
2. In case of 2 drivers these crew drivers must change.
3. All other operations are only permitted after point 2 above was carried out.
4. For all permitted operations, the max. number of mechanics/persons to operate shall be FOUR (4). Teams may have an additional person (Team Manager), who will not be included in the maximum number of 4 mechanics; the exclusive task of this person will be to stop the car before the assigned box and let it go once the operations have finished.

All mechanics/persons must wear an overall.

Permitted Operations:

1. Change of driver
2. Tyres compression adjustment / change tires forbidden, only puncture
3. Cleaning the windscreen and cooling penning's.
4. The adding of oil, water or brake fluid is authorized as well as the brake circuit draining.
5. Small mechanic operations for safety reasons (i.e. fix a fallen bumper, etc.) are authorized.
6. In case of necessity, it is allowed to start the car with an external battery.

All these operations cannot be carried out during the refuelling operation.

- a) The refuelling of cars with refuelling tower is forbidden.
- b) Refuelling is only allowed in the special refuelling area and will be carried out by three team members using cans with max. 25 litres capacity or a rotating system manually operated with max. 60 litres capacity.

A team member must be ready with a fire extinguisher of at least 6 kg capacity. On refuelling, the competitor must ensure, that the car was electrically grounded before and during the refuelling procedure, that the car is standing on its complete wheels, that the engine is switched off, that the safety belts of the driver, if remaining in the car, were released, that no works were done on the cars.

ALL THESE TEAM MEMBERS MUST WEAR COMPLETELY FLAME PROOF EQUIPEMENT (OVERALLS, GLOVES, BALACLAVAS AND HELMETS).

Work on the car is allowed only in the box or designated working area in the pit lane. The engine of the car must be switched off.

5.4 Driving

If the best qualifying time of a driver/team exceeds 120% of the fastest time in the group or TWC classes, if participating, they may not be allowed to take part in the warm up and the race. Under exceptional circumstances the Stewards may permit the car to start the warm up and race. All qualified drivers must have a place in the race.

Only cars which have covered at least 70 % of the distance covered by the winner of the concerned group or TWC classes will be classified.

5.5 Penalty

The Stewards may impose any penalty according to the ISC.

The maximal cash penalty is fixed to 500 EUR.

The penalty "Drive Through" during the last 10 minutes of an Endurance Race and during the last five minutes of a sprint race is fixed to 30 second time penalty, which shall be added to the driver's time concerned.

5.6 Scrutineering

Each ASN has a right to provide 1 scrutineer for CEZ Championship. If such is provided, this official is fully responsible for all the scrutineering of the cars with the homologation issued from his country.

5.7 Observer

The CEZ Working Group provides 1 observer (second steward, no from hosting ASN) and CEZ Technical Delegate, who is responsible for the running of the event in accordance to these regulations and is responsible for the control of the results. The observer prepares a detailed report of each event, send to every chairman of the Working Group within FIA CEZ.

5.8 Classification

A maximum of 2 heats per event in sprint and only one heat per event in endurance will be taken into consideration for classification of the Zone-Championship (number of heats listed in the CEZ Championship-Calendar, Art. 13). Points for the title will be awarded for each heat in each group of

Division 2, in each class of group D4 TC, in each class of group GT and each class of group TWC, in group Division 5 according to the following scale:
25 - 18 - 15 - 12 - 10 - 8 - 6 - 4 - 2 - 1
