VII. OTHER INFORMATION

7.1 Running of the event

Warm-up & timed practices

The race weekend will start with the Warm-up followed by 2 series of measured training sessions. A maximum of 8 vehicles can be driven in each measured training session. Measured training goes for 4 rounds. The number of laps is counted from the first vehicle crossing the finish line. Each competitor is obliged to participate in one measured training session.

Qualifications heats

There will be total 3 qualification heats. Each heat does consist of 5 laps. Only those competitors who have started (to start means to **cross the starting line by the engine power**) in at least two heats and who have completed at least one race can be classified for the semi-final and final races.

Semi-finals and finals

The semi-finals duration is 6 laps, the finals duration is 7 laps.

Start procedure

During the start, the riders will see the sign READY on the board. After the sign goes out, it will be started within 5 seconds by turning on the green light.

7.2 Parc fermé

The closed parking lot will not be organized. The competitor must leave the vehicle at least 30 minutes after the publication of the preliminary Final results in the paddock without the intervention of mechanics.

7.3 Results

The results of each race will be published in the Sportity application as soon as they are complete. The composition of the final races will be published before the start of the final races. The final classification is compiled according to the order achieved in the final races. All results will be published on a digital board in the Sportity application.

7.4 Appendices ZU – interpretation

In accordance with Article 3.6 of the MŠP, no changes may be made to these regulations after the start of accepting applications, unless there is a unanimous agreement of all competitors, or based on a decision of the RŠK for reasons of force majeure or security. All other information for competitors, which will be an integral part of these rules, will be published in the form of numbered bulletins on the official board on yellow paper.

7.5 Protests and appeals

All protests are submitted in accordance with the provisions of point 13 of the FIA MŠP. The time to file protests against results or classification (article 13.4.4 ISC FIA) is within 30 minutes of the result on the official notice board. The deposit for protests is 500 EUR and is payable by submitting a protest to the race director. The deposit will be refunded only if the protest is accepted. In the event of a protest requiring the dismantling of the vehicle, the estimated costs determined by the Commissioner shall be paid. The deposit must be paid within the time limit set by the sports stewards so that the checks can be carried out. The deposit for the ASN national appeals court is €1,340.

7.6 Fire extinguishers

Each driver must have a fire extinguisher with a minimum capacity of 5 kg visibly located in the parking lot of the racing machines.

7.7 Environmental protection

Each rider must have a protective sheet of at least 4x5m in the depot under the vehicle, on which he can carry out vehicle repairs in order to prevent environmental pollution with engine oil and other means.

7.8 Driver's liaison officer:

The rider contact officer for this event will be Michaela Frimelová. During the weekend, it will be located in the riders' area at the entrance to the track or on the main tower.
